

## CIIS Friends of the Library Associate Membership

The Laurance S. Rockefeller Library is open to the public for browsing, reading and in-house use of online resources. Community members are most welcome to visit, research, see what's new in our collections, browse new dissertations & theses, and more.

### Friends of the Library Membership Benefits

Community members can join the Library as Associate members with the following benefits:

- **Borrowing:** You may borrow books, dissertations, videos, DVDs, and audio cassettes.
- **Web / Online Resources:** The Library's Web site includes links to online resources of particular use to lifelong research in integral studies. Non-subscription sites may be accessed by Associates off-campus. Subscription resources may be accessed within the Library
